Thailand

At Premier Holidays, we specialise in tailor-making holidays. Whatever you want, we can do!

However, we understand that everyone needs a bit of a helping hand at some point and it's not always easy to know what goes together. In truth, anything is possible and there are endless combinations, but some itineraries are more logical, and consequently, better value and better use of your precious holiday time, than others.

So, what we've done here is to suggest some holiday combinations, which you might find of interest. It goes without saying that these are just a starting point, but they do offer guidance as to the many possibilities – some popular, some unusual, but always interesting. Remember though, you can vary the durations, change the hotels, add on excursions or side trips, upgrade your flights or simply ask us for something totally different.

If you see something which takes your fancy or you have some ideas of your own, give us a call and we'll put a tailor-made holiday together for you.

So, what are you waiting for... get planning!
